ABOUT

A passionate and driven student with a strong academic background in Artificial Intelligence, Machine Learning, and Data Science. Proficient in programming languages like **Python**, **C**, and **Java**. With hands-on experience in projects like the **Medical Recommendation System**, this student possesses a blend of technical, leadership, and teamwork skills. Eager to apply creativity and knowledge to real-world projects through an internship.

QUALIFICATIONS

Degree/	University/School	Passing Year
B.S	Indian Institute of Technology Madras	2024-2027
B.Tech- CSE	IILM University, Greater Noida	2023-2027
12 th Class	S.T. Joseph's Convent School	2022
10 th Class	S.T. Joseph's Convent School	2020

INTERNSHIP EXPERIENCE

Data Scientist-Intern	IIT Hyderabad (with Remarkskill)	July 2025 – August 2025
- Analyze and preprocess datasets for insights and modeling. - Build visualizations and reports to support decision-making. - Collaborate with teams on machine learning and data-driven projects.		

ACADEMIC PROJECTS

- Title:** Medical Recommendation System
- Tools/ Technologies used:** Python, Flask, Machine Learning.
- Description:** Built a Medical Recommendation System to predict diseases from symptoms and suggest medicines, improving quick and accessible healthcare support.
- Title:** QR Code Generator
- Tools/ Technologies used:** Python, Flask
- Description:** Built a QR generator

CERTIFICATIONS

- Certificate of training in machine learning from Internshala, July 2025
- Data science with Ai - SkillIndia, July 2025
- Python – Infosys Springboard, April 2025
- Java –Infosys Springboard, Mar 2024
- C-Infosys Springboard, sep 2023

SEMINARS / WORKSHOPS / CONFERENCES

- Attend workshop on IoT at NIT Delhi ,December 2025
- Attended in Workshop on Data Science at IIT-Roorke, Feb 2025
- Engaged in event-IGNITE -STAR hunt at IILM University, Gr. Noida, April 2024

TECHNICAL SKILLS

- Programming Languages:** C, Java, Python
- Database Management:** MySQL, PostgreSQL, MongoDB
- Software Tools & Platforms:** Git, GitHub, VS Code, Jupyter
- Data & Analytics:** Data Structures and Algorithms, Machine Learning (Scikit-learn, TensorFlow, PyTorch)

ACHIEVEMENTS AND EXTRA CURRICULAR ACTIVITIES

- Won First prize in Startup Presentation Organised by IIC
- Won third Prize In Nukad Natak At district level
- School Team Captain Of basketball team

POSITION OF RESPONSIBILITY

- Acted as Coordinator in Student Committee of Placement cell at IILM University from April 2025 to Present
- Acted as Core Member of GDSC club at IILM University from Nov 2023 to Dec 2024

HOBBIES

- Traveling and exploring new places
